Section Title: Benefits Administration – *Wage Loss*
 Subject: Minimum Awards for Permanent Impairments
 Effective Date: March 15, 1989, for accidents occurring before January 1, 1992

A. POLICY

The Workers Compensation Board (WCB) will provide minimum awards in the form of a lump sum for permanent impairments that result in a cosmetic defect or disfigurement, or when the impairment is minimal and is not rated on the permanent impairment rating schedule.

Minimum awards will be based upon a rated impairment of ¼ of 1% and the average wage and age of settled claims as determined by the WCB. This amount will be rounded to the nearest \$5 and will be effective April 1st of each year.

The amount established each year will apply to claims where settlement procedures are commenced on or after April 1 of that year.

C. ADMINISTRATIVE GUIDELINES

1. The WCB will determine whether a minimum award is to be granted, based upon the advice of Healthcare Services (as provided in WCB policy 44.90.10, *Permanent Impairment Rating*).
2. Policy 44.100, *Interest Rates*, was amended by Board Order 40/07 on December 21, 2007. There were a number of implementation and consequential changes stemming from these policy revisions. One of these changes affected the minimum award levels for permanent impairments from April 1, 2005 to March 31, 2008. These minimum award levels are based on the 2009 Standard of Practice for determining commuted values adopted by the Canadian Institute of Actuaries (Section 3800). Previously, these levels were based on the 1993 and 2005 Standard of Practices.
